

Parent Obligation Agreement Form
Hercules Piranha's Swim Team 2019

Our parent volunteers support the Hercules Swim Team; therefore each family is obligated to work Time Trials, PLUS 6 **FULL** swim meets or team events, all of the Invitationals in which their family members participate, and the League Championship meet at the end of the season. You may verify the amount of shifts you have worked with the Meet Directors.

The Meet Director will post jobs available before each meet, parents are expected to sign up for a work shift, and are responsible for finishing all duties before leaving a meet. The team would greatly appreciate it if parent volunteers would work when asked by the Meet Director even after your obligation has been fulfilled. We cannot proceed with a meet unless all jobs are fulfilled.

If unable to work, the meet director must be notified before the meet, and it is the parent's responsibility to find a qualified substitute at least 24 hours prior to the obligated working assignment. If a parent doesn't find a qualified substitute and doesn't show up to their scheduled shift, then \$30 will be deducted from their swim team deposit for each offense and your swimmer/swimmers will not be able to participate in the following swim event.

In the event of not fulfilling parent obligations for the Championship League Meet, the entire \$200 deposit MAY be forfeited.

Parents should encourage their children to participate in meets! If a child does not participate in meets, **this does not excuse parents from their parent volunteer requirement.**

***I have read and understand my obligation as a parent on the Hercules Swim Team,
and understand that failure to complete all of the requirements of my duties may
result in the loss of my \$200 deposit.***
